PROJECTS

Employee Management System

- The Employee Management System is a full-stack web application designed to streamline the management of employee data. Built using Java (Spring Boot) for the backend and ReactJS for the frontend, the system allows HR personnel and administrators to perform CRUD operations on employee records, manage departments, track attendance, handle payroll, and generate reports. It features role-based access control, ensuring that different user types (Admin, HR, Employee) have appropriate permissions, and provides a secure and efficient platform for managing employee lifecycle processes.

EXTRACURRICULAR ACTIVITIES

National Service Scheme (NSS) 2021-2023

- Voluntary work in the National Service Scheme (NSS) involves participating in community service activities aimed at promoting social responsibility and national development. Volunteers engage in various initiatives, such as environmental clean-ups, education programs, health camps, and rural development projects, to positively impact society.
